# PETITION TO REVIVE ABANDONED PATENT APPLICATION UNDER 37 CFR §1.137(b)

Hon. Commissioner of Patents Box 1450 Alexandria, VA 22313-1450

Sir:

This is a Petition to Revive the captioned application as a pending application. This petition is timely as it is filed within 2 months of the mailing date of the January 13, 2005 Notice of Abandonment, and indeed this petition is filed on the day after the undersigned Applicant's counsel received the Notice of Abandonment. Accordingly, as evidenced by the circumstances detailed below, the entire delay in filing the required reply from the due date for the reply until the filing of a grantable petition pursuant to 37 C.F.R. §1.137(b) was unintentional.

The Application Became Abandoned Due To Submission of an Office Action Response According to the Response Period Indicated by the Supervisory Patent Examiner

The subject application became abandoned due to Applicant's counsel's submission of a response to a pending Office Action in accordance with the response period indicated on the April 2, 2004 communication from the Supervisory Patent Examiner. In that communication, the

01/26/2005 ZJUHAR1 00000005 09622650

01 FC:1453

Supervisory Patent Examiner stated that the "time for response continues to run from the January 31<sup>st</sup> action." (See April 2, 2004 communication from the Supervisory Patent Examiner Lee Young, attached hereto as Exhibit A). This communication was prompted by Applicant's counsel's request on February 18, 2004 for remailing of an Office Action which was originally mailed on January 30, 2004. Shortly thereafter, the original Office Action was located by Applicant's counsel, who promptly notified Examiner Lien Ngo that remailing would not be necessary.

# Applicant's Counsel Docketed and Complied with the Response Period Indicated by the Supervisory Patent Examiner

Applicant's counsel monitors compliance with due dates for patent application requirements, including due dates for responses to Office Actions, by maintaining data entries for each pending patent application in its PATTSY® computerized docketing system. Upon receipt of the April 2, 2004 communication from Supervisory Patent Examiner Young, Applicant's counsel entered the new baseline mailing date of January 31, 2004 referenced in the communication into its docket system. This entry generated a final 6-month due date for the Office Acton response, with a 3-month extension, of July 31, 2004 (six months following the January 31, 2004 date referenced in the Supervisory Patent Examiner's communication). See July 7, 2004 PATTSY® computerized docketing system printout, attached hereto as Exhibit B (redacted to eliminate references to irrelevant entries).

Since July 31, 2004 fell on a Saturday, a timely response, based upon the stated January 31, 2004 date referenced in the Supervisory Patent Examiner's communication, would have been the following Monday, August 2, 2004 – the date that applicant's response to Office Action was actually filed. Accordingly, Applicant's counsel believed a timely response to the pending Office Action had been filed.

# **Applicant's Counsel Promptly Filed This Petition Upon Receipt of the Notice of Abandonment**

Upon receiving the Notice of Abandonment on January 19, 2005, Applicant's counsel realized that the baseline mailing date reflected in the Supervisory Patent Examiner's communication and in counsel's docketing system differed by one day from the actual January 30, 2004 mailing date of the Office Action. The Examiner determined that the Office Action response, which the Examiner confirms was received on August 2, 2004 (timely received based upon the April 2, 2004 communication from the Supervisory Patent Examiner), was not timely filed based upon the original January 30, 2004 mailing date of the Office Action. (See January 13, 2005 Notice of Abandonment from Examiner Lien Ngo, attached hereto as Exhibit C).

Accordingly, although a sufficient response to the Office Action was timely submitted with respect to the mailing date reflected in the Supervisory Patent Examiner's communication (January 31, 2004), but had not been timely submitted with respect to the original mailing date of the Office Action (January 30, 2004), the Notice of Abandonment was issued for this application.

Upon receipt of the Notice of Abandonment and discovering of that the Office

Action response had been timely submitted with respect to the mailing date reflected in the

Supervisory Patent Examiner's communication, but had not been timely submitted with respect to

the original mailing date of the Office Action, applicant's counsel promptly filed this petition.

In accordance with 37 C.F.R. §1.137(b), enclosed is:

a) a check in the amount of \$1,500.00, the fee due under 37 C.F.R. §1.17(m) for this petition.

As noted above, the reply required to the outstanding Office Action was previously filed. Also, a terminal disclaimer is not required pursuant to 37 C.F.R. § 1.137(d).

The Commissioner is hereby authorized to charge any additional fee or credit overpayment to Deposit Account No. 02-4467. A triplicate copy of this petition is enclosed. If any additional fee is deemed necessary, authorization is hereby given to charge the amount of any such fee to Deposit Account No. 02-4467.

Respectfully submitted,
